2.2.1 Assessment process is in place at entry level to identify different learning needs of students and their level of readiness to undergo professional education programme and also the academic support provided to students..

Response:

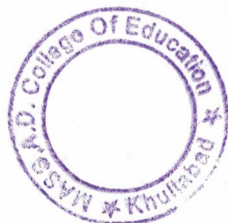

There is a system of identifying the students after the admissions are over. As per the system the College conducts the internal test and notifies the result to the students by displaying it on the notice board. After this it is decided as per the system that "the students securing marks less than that of the passing percentage of the University or less than or equal to 35 marks will alone be declared as SLOW LEARNERS and students securing more than 70 % will be called as ADVANCED LEARNERS" Accordingly the list of SLOW LEARNERS is given to the Mentors. However in order to bring slow learners on par with advanced learners, special facility of Remedial Coaching is provided to the slow learners.

Students are given assignments on the achievement basis so that they can start exploring and creating

ADVANCED LEARNERS

The advanced learners are motivated to join skill based courses and are guided in a legitimate way to seek after different Vocation Choice. Students are urged to attend college clubs and ceremonies that are associated with youth festivities and inter-college competitions such as deliberations. Students are urged to attend college clubs and ceremonies that are associated with youth festivities and inter-college competitions such as deliberations, proclamations, exams, writing articles, college-production and so on. The advanced learners are further given some projects and surveys to enhance their research skills. They are given additional lab work and additional scholastic tasks to use their abilities. They are also encouraged to participate in seminars and workshops. Additional books from library are also given to them.

TO monitor the progress of slow learners another test is conducted after a span of one month and final progress is observed in semester end examination.
